Good day

I understand. It is very difficult to ask for a specific timeframe as it is unsure as to when the applications will be submitted to the delegate.

Your response is however noted.

Regards
Annette

Dear Annette

Unfortunately the application is within the statutory process and the timeframes allowed by the EIA Regulations 2014, as amended, are very stringent. **How long an extension would you require?** If we do not submit our report within the timeframes, we have to start the application from the beginning.

Regards
Lindsay
